**Special Features, Requirements, Comments about program:**

This interventional fellowship program consists of 3 rotations at the three primary hospitals of the Cornell Medical Center: The New York Presbyterian Hospital, Memorial Sloan-Kettering Cancer Center, and Hospital for Special Surgery. Each rotation is 3 months at each hospital. This program offers a unique opportunity to interact with a diverse faculty among distinct hospitals to obtain breadth and depth experience in pain management. The additional 3 months is made up of mandatory electives in other specialities and free elective pain training time. These electives will be held at the three participating hospitals.
